ADVENTURE CAMPS

Thrilling adventure programmes are offered in each of the three countries where Village Camps operates. Each adventure camp has its own individual activities, but all boast the same meticulous, professional standards for which Village Camps is renowned. With everything from overnight stays in alpine mountain huts, to rock climbing and paddle boarding the adventure programmes are the heart of Village Camps

SPORTS CAMPS

Campers looking to improve in specific sports with the guidance of professional coaches can join the Tennis Camp in Leysin or the Surf Camp in Santa Cruz and really see progress during a two week session. There is also a multisport option for sports enthusiasts who want to make the most of the fantastic facilities and natural environment Leysin has to offer.

STEM PROGRAMMES

In Leysin, Switzerland, the Lab Explorers programme gives curious and ambitious students the opportunity to explore science through hands-on experiments and discovery. Guided by experienced IB and A-Level teachers, the programme evolves each year around core STEM themes, with selected sessions also introducing specialised areas such as robotics. Designed to inspire curiosity and confidence, these science programmes equip students with the skills and mindset to take their next academic steps with enthusiasm and success.
